EXPERIENCE

Unilease — *Full-stack Developer*

2020 - PRESENT

Lead development and execution of a commercial real estate web app that aims to provide brokers and tenants with transparency throughout the market as well as streamlining the execution of market surveys, managing leases and communicating with clients.

Springbox/Prophet — *Senior Front-end Developer*

2019 - 2020

Lead development and execution of marketing websites, prototypes, web applications and newsletters, as well as production of animated banner advertisements for projects involving clients such as **PwC**, **Lenovo**, **AbbVie**, **Thrivent**, and **Nulo**.

› **AbbVie Here. Now.** — herenow.abbvie.lindy.co

CSS, GreenSock Animation Platform, HTML, JavaScript, Parcel

Rapid development of a single page storytelling website used to promote AbbVie's latest initiatives.

› **PwC New Ventures**

FranSuite — fransuite.pwc.lindy.co

InsightsOfficer — insightsofficer.pwc.lindy.co

TaxVerse — taxverse.pwc.lindy.co

CSS, JavaScript, Netlify, React/Gatsby, Storybook, SVG

Rapid development of three marketing websites that all share a common component library.

› **Optica** — optica.lindy.co

Bootstrap, CSS/Sass, HTML, JavaScript, Netlify, Parcel

Development of a custom Bootstrap theme to allow Optica to reskin their existing website to coordinate with a major rebrand.

Odd Mouse, LLC — *Web Developer & Designer*

2012 - PRESENT

Provide freelance consulting, design, front-end development, and back-end development for a number of projects involving clients such as **Grumpy Cat**, **Vitalogy Skincare** and **Bill Miller Bar-B-Q**.

- › **Grumpy Cat** — grumpycats.com

Browserify, Contentful, CSS/Sass, Docker, Gulp, JavaScript, Netlify, Node.js, Pug, SVG

Design and development of a self-sufficient, responsive, static website and REST API that pulls content from various social media outlets, online retail partners and other APIs.

- › **Dig Two Graves** — digtwograves.com

CSS, JavaScript, Node.js, React, Surge, SVG

Development of a responsive, independent horror film website using assets from the film's poster artwork.

- › **LiveSure** — livesure.lindy.co

Cordova/PhoneGap, CSS/Sass, Debian, ExpressionEngine, Geolocation, Gulp, JavaScript, jQuery, MySQL, Nginx, PHP, SVG, Twilio

Design and development of a responsive web app that allowed users to request insurance quotes from local, participating agencies. Accompanying projects include illustration, web animation, Android and iOS kiosk apps, and custom ExpressionEngine plugin/extension development.

- › **Vitalogy Skincare** — vitalogyskincare.lindy.co

Apache, CSS, ExpressionEngine, JavaScript, jQuery, MySQL, PHP

Development of a responsive website for a skincare specialist and medical spa in collaboration with the company's in-house design and marketing team.

- › **Bill Miller Bar-B-Q** — billmillerbbq.com/nutrition-calculator

CSS, JavaScript

Design and development of a responsive nutrition calculator used to calculate the nutritional value of any meal combination the restaurant offers. The site has been redesigned since this was created, but they decided to keep the nutrition calculator as is.

NAKA Media — *Interactive Designer & Developer*

2008 - 2012

Design and development of websites, prototypes, applications and installations, as well as production of illustrations, animations, and other artwork for projects involving clients such as **PayPal**, **Dell**, **Sony Ericsson**, and **Alamo Drafthouse**.

ImageVisible — *Interactive Designer & Developer*

2006 - 2008

Design and development of Flash based websites and applications, as well as production of illustrations, animations, multimedia content, and other artwork for projects involving clients such as **Southwest Airlines**, **Denny's**, **Sambuca**, and **Stephen Arnold Music**.

KnightWorks — *Designer & Developer*

2004 - 2006

Design and development of scalable interfaces, collaboration forums, and multimedia content for a Flash based E-learning application called **Learning Hall**. Design and production of websites, animations, multimedia, illustrations, advertisements, and other artwork for projects involving clients such as **Land Rover**, **Copper Sinks Direct** and **The Cooper Institute**.

MarcUSA — *Art Director*

2003 - 2004

Design, layout, and production of print materials including outdoor marketing, brochures, advertisements, illustrations and sales kits for clients such as **Wet n' Wild**, **Speed Zone**, **Raging Waters**, and **Silver Springs**.

The Work Group — *Art Director & Web Designer*

2001 - 2003

Design, development and production of websites, animations, multimedia, illustrations, advertisements, and print content for clients such as **Star Choice**, **Tia's Tex and Mex**, **début magazine**, and **The Fort Worth Cats**.

EDUCATION

Tarrant County College — *Associates Degree in Graphic Communications*

1999 - 2001
